

The New Frontier for accountants

**There's the Big Four. There's all the others.
And then there's Hughes Blake.**

If you are looking for pastures new and a clean break from "the norm" in accountancy then take a look at what's happening in our neck of the woods. Last year we doubled the size of our business and we aren't stopping there. In Corporate Recovery in Ireland, we have developed a position to such an extent that we were involved in 40% of the examinerships in Ireland in the last 5 years. In addition you may have heard our weekly financial advice afternoon slot on RTE Radio 1. But that's not all we do. We also provide a full range of accountancy services to a wide spectrum of clients, including private client wealth management services. We are a very busy, turned on practice and we believe the future in accountancy is going to be very different from the past. If that prospect interests you then we would like to hear from you.

Audit/Accounts Seniors

You will have at least 3 years' experience in practice, ideally be qualified and know the ropes well. The pace will be fast, the rewards generous and the prospects for the right person... outstanding.

HUGHES BLAKE

CHARTERED ACCOUNTANTS & BUSINESS ADVISORS
