

Real Recovery

Four years ago Shamrock Rovers successfully emerged from Examinership thanks to the hard work and dedication of the organisers and loyal supporters of the club. Tonight they take on the biggest club in the world in a packed stadium they can call their own. Its surely one of the great comeback stories in Irish sporting history.

Examinership is a process whereby the protection of the Courts is obtained to allow a company in difficulties breathing space to restructure its affairs and continue to trade. For expert advice on Recovery for your business, contact **Neil Hughes** or **Kieran McCarthy** at **01 66 99 999**.

Best of luck to
The Hoops
from all at
